Sicon DATASHEET
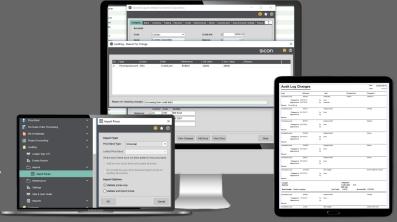

Track changes to core Sage 200 Financial modules,

plus key aspects of the Sicon modules.

Audit Log for Sage 200

Key Product Functionality

- Seamlessly integrated in to the Sage 200 screens and processes.
- Integrates with Sicon Contracts, (full details can be found on our website in the Help & User Guide).
- Choose which Sage 200 modules you need to record changes in.
- Track changes made to core module data including purchase ledger bank details.
- Record changes in silent logging mode or select to force a reason and description for the change.
- A sign-off process provides a full list of every change made.
- Users can be restricted from signing off their own changes.
- Sage 200 based reports available to review all historical changes made in each module.
- Sage 200 modules covered by the audit log:
    - Nominal Ledger
    - Sales Ledger
    - Purchase Ledger
    - Cash Book
    - Stock Control
    - Sales Order Processing
    - Purchase Order Processing
    - Price Book
- Sicon modules covered by the audit log:
    - Contracts

Why would you need this Audit Log Module? If you need to…

- Know that changes have been made to core module field data or sales and purchase orders.
- Be aware of changes that have occurred in your Sage system.
- Act quickly on these changes. E.g. to sales orders that may be critical to monthly sales analysis and reporting.
- Be aware of changes to bank details on supplier accounts

Licencing Summary

Installed and maintained within Sage 200, using Sage 200 user licences with no Sicon specific user licences required.

Reports are designed within Sage 200 using the built in Sage 200 report designer, meaning they can be amended to provide custom versions of the reports.

Written within the Sage 200 development environment using the Sage business objects and utilising the latest Microsoft technologies for user interface.

When Sicon Audit Log is installed, the Sage features are updated and these can be added to the Sage user menu's using the Sage System Administration tools.

Available to all Sage 200 users across all Sage companies at no extra cost.

No Sicon user licences required.
